

## Monthly Cost and Rebate Report

**Report Date: 2016-05-05**

**Customer ID: 100**

Customer Name: John Doré

Report Period Start Date: 2016-04-01

Report Period End Date: 2016-04-30

### Charges:

Utility Charges under Our Rate		
Rate Structure	Usage in Report Period	Total Cost
Off-Peak	90.00	\$45.00
Peak	10.00	\$10.00
<b>Total Under Our Rate</b>		<b>\$ 55.00</b>
<b>Total Under Current Rate</b>		<b>\$ 60.00</b>

### Rebates:

If the cost under our plan is less than your current cost, you will be credited with a positive rebate equivalent to the difference; otherwise, the rebate is zero. (At the end of each 6 month period, we will send you a cheque for the amount of your accumulated rebate).

This period's cost was <b>LOWER</b> than under your current rates by:	<b>\$ 5.00</b>
This Month's Rebate:	<b>\$ 5.00</b>
<b>Cumulative Rebate Including this month's Rebate</b>	<b>\$ 10.00</b>

Please see next page for important Notes and Rate Description

## Notes:

Although care has been taken to prepare this report, there may be small differences between your corresponding actual bill and the "Total under Current Rates" amount in this Report. Please notify us at [placeholder@example.ca](mailto:placeholder@example.ca) if the calculation discrepancy is significant.

## Our Rate Description:

### Our utility utility rates are:

- *This section has be removed for this example*

Winter hours are in effect from **October** through **April**; Summer hours from **May** through **September**.

Future rates will rise to reflect overall price increase in your current rate. (For example, if your current rates rise by **2 percent** in the future, all of the above rates will be go up by 2 percent.)
